

ATHLETIC CODE OF CONDUCT

Participation in a sound athletic program contributes to a student's health and happiness. Athletics also teach the value of cooperation and the spirit of competition. Sheboygan Falls High School (Falcons) has a year round program in athletics. The school is a member of the Eastern Wisconsin Conference. Varsity sports include football, men's and women's cross country, men and women's tennis, wrestling, men's and women's basketball, men's and women's soccer, golf, baseball, men's and women's track, volleyball, and softball.

I. PHILOSOPHY AND OBJECTIVES

- A. We consider interscholastic athletics to be an important part of our total school program. Through our athletic program an athlete should have an opportunity to develop physically and emotionally; gain specific sport skills; learn sportsmanship, cultivate a wholesome competitive spirit; and acquire the ability to work closely together.

II. RULES OF ELIGIBILITY

It is important that the athlete or his/her parents check with the school or the WIAA if there are any questions of participation in fun runs or non-sanctioned school participation.
- G. **Students are required to attend all classes the day of a practice or contest with the exception of a pre-arranged/ approved appointment and a family emergency.**
- H. Students receiving detention during the regular school day must resolve their detention obligation before attending a practice or contest.

- J. An athlete must meet the following academic eligibility standards:
 - 1. At the beginning of each sport season, and again at the end of each quarter, coaches shall check on the grade status of each of their athletes. **Any athlete failing two or more courses shall immediately become ineligible for the remainder of the new grading period.** A student's eligibility will be determined when teachers have verified grades and an "F" list has been completed. The only exception to this rule would be first quarter freshmen, who will be allowed to continue practicing with their teams with the requirement of monitoring academics through the guidance office, weekly progress reports, and coaches monitoring grades as well. **Game participation can only occur when all grades are brought to a passing level. Any athlete failing one course will be on probation and must have all of his/her grades to a passing level by the 3rd week into the quarter (15 days from the end of the last grading period) and the 6th week into the quarter (30 days from the end of the last grading period) to remain eligible.
